RESCUES WIFE FROM THE REFORM SCHOOL

Young Woman Sent Back to
Institution After Marriage
Is Ordered Released.

Special to The Tribune.
POCATELLO, Ida., Dec. 17.—Mrs. Ade-
line Trainor, formerly Miss Adeline Han-
sen, of this city, was released from the
state reform school at St. Anthony today
on habeas corpus proceedings instituted
before Justice Stevens of the Sixth ju-
dicial district of Blackfoot. She was sent
to the reform school a month ago after
causing a sensation in the Greek quar-
ter of this city in company with another
delinquent.

Both girls escaped and were married.
It transpired that Trainor married Miss
Hansen on the strength of a license is-
sued for a woman much older. He was
then arrested on a charge of perjury. It
was found that the clerk who issued the
license had made a mistake in so
doing and that charge was dismissed.
When Trainor returned to his home
here he learned that his 17-year-old wife
had been taken by legal process back to
the reform school. He instituted habeas
corpus proceedings and today Judge
Stevens ordered that the girl be released.
The couple will reside here in Poca-
tello.

Carnegie Library in Sight.

Special to The Tribune.
BRIGHAM CITY, Dec. 17.—Arrange-
ments for a Carnegie library for Brigh-
am City are assuming shape and the
decision of the Carnegie library commis-
sion is expected in the very near future.
A \$10,000 appropriation is sought by the
people of Brigham who have already
signified their willingness to support such
an institution by voting and paying an
additional 2-mill library maintenance tax,
which nets \$2000 annually. The first of
this tax was collected by the city this
fall. Final information has been for-
warded to the secretary of the Carnegie
library commission and a decision is be-
ing looked forward to with a great deal of
interest. The \$2000 now on hand, and
the taxation from now until the building
is completed, should the appropriation be
awarded the city, will be used in purchas-
ing a site.

Discuss Appointments.

Special to The Tribune.
LOGAN, Dec. 17.—A meeting was held
here yesterday by the Democratic county
committee, at which the matter of filling
the appointive offices was taken up.
Some lively talk was indulged in.
It is learned that Charles H. Martineau
was endorsed for deputy sheriff and
C. F. Olsen of Hyrum received the
endorsement for deputy clerk. The other
places were left unsettled since the
principals not being present.

KING HILL PROJECT MAY HAVE RECEIVER

Idaho Land Board Orders
Such Disposition Rather
Than Forfeiture.

Special to The Tribune.

BOISE, Ida., Dec. 17.—The original
King Hill project and the King Hill ex-
tension, or the Medbury project, together
with the holdings of both as well as the
interests of the settlers, the company
promoters, the bondholders and the state,
will be placed in the hands of a receiver.
By a resolution passed by the state and
board this morning, authority is given the
attorney general to take steps necessary
to the appointment of a receiver. Appli-
cation will shortly be made before Judge
Frank S. Dietrich of the federal court to
secure such an appointment. Under the
receivership, the interests of the various
parties in the project will be liquidated
by that official and all rights protected.
This action is taken rather than to or-
der a forfeiture of the company's project.
Involved in the two projects are \$1,500,000
or more.

OFFER INCREASE TO RAILROAD EMPLOYEES

By International News Service.

NEW YORK, Dec. 17.—An offer to in-
crease their wages to an aggregate
amount of fifteen million dollars annu-
ally was made today by the authorized
representatives of the employers of fifty-
two trunk line railroads in the eastern
territory to President Carter and other
representatives of the Brotherhood of
Locomotive Firemen and Engineers.

The brotherhood representatives will
take the proposal under advisement at a
conference tomorrow. The consensus of
opinion among both sides of the contro-
versy tonight was that the offer will be
accepted and thus the threatened trou-
ble between the workmen and the rail-
roads will be averted.

The proposal of the roads, however,
was based on the contingency that the
firemen should waive their demand for
placing two of their number on the
heavier types of locomotives where only
one is now employed.
The railroads further offer to apply
the rules of arbitration agreed to by the
railway wage arbitration committee in
dealing with the Brotherhood of Loco-
motive Engineers a few weeks ago.
